

SUMMARY BRIEF

Cisco Meraki Learning Paths

Explore guided paths through technical training and take assessments to earn certificates of completion—and gain valuable, in-depth expertise you need to be successful in your day-to-day work.

Complete required modules and the assessment to earn the certificate!

To complete a learning path...

Complete all required modules. Explore the optional modules on your own. Take the assessment and earn an 80% passing score.

Test out!

If you're already a Meraki pro and you can pass the assessment without taking the courses, we'll also give you a certificate!

Where's my certificate?

Certificates of completion are in the [Transcript](#) section on the Meraki learning dashboard. You do not need to renew your certificate.

Modules and surveys

You must complete each module and the associated survey to mark it as completed. If you've already taken the module, you'll see that reflected in the learning path.
