

Meraki Ecosystem Partners at Cisco Live

AlgoSec

Booth #9520 + Booth #421-A

Cisco Security Village

AlgoSec, a global cybersecurity leader, empowers organizations to secure application connectivity by automating connectivity flows and security policy, anywhere.

Ekahau

Booth #8416

Ekahau helps businesses build and maintain high-performing wireless networks. Ekahau's Wi-Fi design, site survey, and troubleshooting solutions create fast, reliable Wi-Fi networks.

Encapto

Booth #1130

Encapto is a platform for Managed service providers that helps assemble cross-architectural technology propositions and deliver them as-a-service to customers in a single pane of glass.

FIREMON

Firemon

Booth #421-K

Cisco Security Village

FireMon improves security operations, leading to better security outcomes. FireMon delivers industry-leading security policy management, cloud security operations, and asset management solutions.

Highlight

Booth #1130

The Highlight Service Assurance Platform collects and analyses complex network data from multiple service vendors, translating and transforming them into an intuitive multi-tenant web portal.

InstantConnect

Booth #9805

Instant Connect is a highly versatile push-to-talk app widely used by militaries, enterprises, and government agencies. It improves communication, situational awareness, incident response, and team safety, regardless of network or device.
